

# Sheriff Night Shift Staffing Analysis

City Council Presentation; September 6, 2016

# Tonight's presentation

- ▶ History
- ▶ Washington County Sheriff's Office to discuss proposals (Chief Deputy, John Koch)
- ▶ Staff Analysis and Data
- ▶ Next Steps/Questions

# History

- ▶ March 2016 – Matrix Consulting Group finishes Staffing Study
- ▶ May 2016 – Majority of Council directs Staff to look at recommendation #6 of Staffing Study
- ▶ May 2016 – Washington County Sheriff's office is contacted with request
- ▶ June 2016 – Washington County Sheriff's office provides three options for consideration
- ▶ June – August 2016 – Staff analyzes options and prepares presentation for Council
- ▶ September 2016 Presentation to City Council

## Recommendation #6\*

- ▶ *As a Sherwood Police Department patrol staffing alternative contact the Washington County Sheriff to collectively explore WCSO patrol coverage of Sherwood during the 1am to 6am timeframe. This could result in a reallocation of Night Shift (Graveyard) officer and sergeant staff to other Sherwood Police Department assignments and thus mitigate the need for additional staff resources as recommended in this report.*

*\*Matrix Consulting Group: Sherwood Staffing Study March 2016*

# Data Analysis: Existing Schedule

- Analytics # of officers/calls for service
- Calls per officer per year gradient is to highlight extremes in data

Temperature

red = warm; green = cool

- 1600 – 2000 no shift overlap
- 1300 -1500 and 2000 – 2200 shift overlap
- 100 – 700 very low call load

# Data Analysis: Matrix Study Active Time

- Active time is all time not proactive
- Active time analysis measures length of call and other factors regarding calls for service (more refined)
- Active time gradient is meant to correlate to Data Analysis
- Good correlation between Calls for Service Analysis except between 1000 and 1300

# Data Analysis: Alternative Schedule

- Balanced schedule
  - **Does not include SRO in Analysis**
  - Analytics # of officers/calls for service
  - Calls per officer per year gradient is same as Existing Deployment
  - Temperature
- red = warm; green = cool
- 0100-0200 shift overlap

# Next Steps/Questions

- ▶ Does Council want to continue studying Matrix Recommendation 6?
- ▶ If we continue are there other scenarios that Council would like to consider?
- ▶ Is there a financial scenario that Council prefers?
- ▶ Does Council want more analysis from our outside Consultant?
- ▶ Does Council want an additional public involvement process?
